

Cheshire Explorer Scouts announce new partnership with CVQO (2021)

We are excited to announce a new partnership with CVQO, which will see young people gain a BTEC Level 2 qualification in Teamwork & Personal Development in The Community.

Cheshire Explorer Scouts are keen to provide an accreditation to enhance the county's community impact and to propel young people's chances of employability in this unique way. Explorers will be able to use their prior scouting experience as well as complete units of practical and knowledge-based challenges to learn and develop new skills.

"This really is a very big moment for Cheshire Scouts. We are honoured and pleased to be piloting this project alongside CVQO. We aim to develop the Explorer Scout programme by providing unique, inclusive employability opportunities for our young people our diverse communities."

Graham Proctor

Deputy County Commissioner (Programme)
